

H.S. CODE: 8438.8099

Features

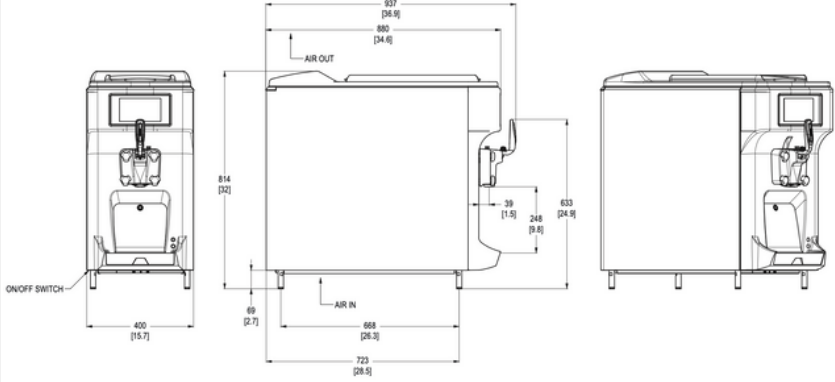

- Air-Cooled Production System
- Heat Treatment Mode
- Intuitive controls for onsite / remote access

GIOTTO 12 PM

Single flavour countertop machine can dispense a variety of products thanks to sophisticated technology that allows for different viscosity, temperature and overrun settings.

***Top Ventilation**

Acai Ready! Express gelato Frozen yogurt

PRODUCT SPECIFICATIONS

Model	Supply System	Dimensions(mm)	Production Capacity	Flavours	Power
GIOTTO 12 PM	Pump	400(W) x 764(D) x 959(H)	Cylinder: 3.2L Hoppers: 17.5L 31kg/hr 8 Servings in 60 seconds - 100g each (Recovery Time: 120 seconds) Max Single Dispense: 1000g (Recovery Time: 160 seconds)	1	3 Phase / 415V / 50Hz / 2.7kW / 5A / 20A Isolator MCB Type B
		Weight (KG)			Refrigerant
		126KG			R452A

- Climate Adaptive:
 - Constant performance up to 40°C
- Refrigerated Hopper at 4°C
- Direct Expansion Cylinder - Cool Faster
- Inverter Control - Better Performance & Efficiency

- Full Front Management:
 - Ventilation from Front to Top
 - Drip Tray at Front
 - Power switch and filter at Front
 - Easy cleaning and maintenance

- Intuitive 7" inch touch screen display
- Portion Counter
- Level sensor for low mix

- Pump production
 - Increase productivity and allows for high overrun especially for milk based flavors

- Accessible to digital manual guide

- Intuitive LCD Display

- Maintenance Schedule tracker

- Data Status on machine

- Stay up to date with notifications

- Heat Treatment Cycle

- Stay connected with machine remotely
